EQ110.6 U.S. PONY MEDAL CLASS [CHAPTER EQ-2 HUNTER/JUMPING SEAT EQUITATION SECTION]

EQ110 Requirements for Specific Classes

6. U.S. PONY MEDAL CLASS. Open to Junior Active Members of the Federation who have not yet reached their 18th birthday, on ponies 14.2 hands and under. No Junior over 12 years of age may compete on a small pony. No Junior over 14 years of age may compete on a medium pony. Application for membership can be made directly to the Federation, or the exhibitor can join prior to the class through the Federation steward. Riders entered in this class cannot cross enter into a U.S. Hunter Seat Medal Class at the same competition. Suitability of a pony to rider will be emphasized. To be shown over a course of not less than six obstacles 2'3" for ponies not exceeding 12.2 hands; 2'6" for ponies over 12.2 hands and not exceeding 13.2 hands; and 2'9" - 3' for ponies over 13.2 hands. If distances between related fences are less than 100' (including in and outs), the distances must be adjusted for each height section. The course must include at least two changes of direction and 1/3 of the obstacles must be oxers. In addition, U.S. Pony Medal classes may include any of the following: bending line, narrow jump (5'6" - 8'), rollback turn, fence at the end of the ring, long approach to a single jump, a combination. Two tests (1-19, excluding test 16) are required during the first round. Only one rider per pony. To fill a class ~~six~~ **three** competitors must complete the course (~~five in Zones 8, 11, and 12~~). Two cumulative refusals in the U.S. Pony Medal Finals will result in elimination, see EQ107.1. This class may be judged as one class, with all height sections run consecutively; or management may elect to divide and pin this class in three separate sections, small, medium and large or to divide into two sections, small-medium and large or small and medium-large. In no case may sections be divided into small-large and medium. When classes are divided as outlined above an exhibitor may only ride in one section per competition. Ribbon winners in each section will receive qualifying points. The Pony Medal may be run concurrently with the small, medium, and large pony division. The green pony division cannot be run with the U.S. Pony Medal card open as the fence heights are not consistent. However, green ponies may jump in the U.S. Pony Medal when the card is held open during the regular pony division if they so choose. A rider who accumulates 30 pts. will receive a silver medal from the Federation and will qualify for the Finals which is held in conjunction with the U.S. Pony Competition. **For classes with six or more entries** 1st place = 30 pts.; 2nd place = 15 pts.; 3rd place = 10 pts. **For classes with three to five entries** 1st place=15 pts.; 2nd place=8pts.; 3rd place=5 pts. A rider that has qualified for the Finals can continue to compete in qualifying classes. The winner of the Finals may no longer ride in the Finals or in qualifying classes. Classes held after July 1 will count toward the next year's Final. Riders cannot enter both the US Hunter Seat Medal Finals and the U.S. Pony Medal Finals in the same year. If there are 50 or more entries at the beginning of this class, it must be divided by every other number and run as two separate classes. Certificate of Compliance - National medal classes must be certified by the following: A course plan showing the actual height and spread of all the fences, signed by the judge and steward which must be included in the steward's report to the Federation.

INTENT

To create consistency between the U.S. Hunter Seat Medal and the U.S. Pony Medal classes by allowing three (3) entries to fill a class. Reduced points will be offered when there are three to five entries in any given class. Additionally, if this rule change is approved, an effective date of 7/02/2017 is requested in order to alleviate the need to request a Presidential Modification to enact this new point system at the start of the next qualifying period on July 2, 2017.

PROPOSED CHANGE

EQ110 Requirements for Specific Classes

10. WASHINGTON INTERNATIONAL HORSE SHOW EQUITATION

For full specifications and qualification information please see www.wihs.org.

~~a. RIDER MEMBERSHIP. The cost of an annual WIHS membership can be found on the WIHS website. Membership entitles riders to earn points in the rankings. Membership (application & fee) must be received at the WIHS Membership Office within 10 days of the completion of an event for points from that event to count. Riders may join at a show; however, riders are strongly encouraged to mail the application themselves. Riders may obtain an application or download an application from the website, www.wihs.org.~~

1. Riders need not be members of the WIHS Equitation to compete in any qualifying classes, but only current members will accrue points towards year-end finals.

~~b. QUALIFYING PERIOD. Qualifying period: shows starting on or after September 1st through shows starting on or before August 31st. The top 40 riders (as determined by the League in accordance with subsection -c below) will be invited to compete in the WIHS Equitation Finals and the top 25 riders will be invited to compete in the WIHS Pony Equitation Finals at the Washington International Horse Show. Multi-day horse shows are permitted to hold either a one or two phase WIHS Equitation qualifier. One-day horse shows are only allowed to hold a one-phase event. WIHS Pony Equitation classes may only be one phase.~~

~~c. QUALIFYING LEAGUES. Qualification for the WIHS Equitation Final will be based on two Leagues. The East Coast League will consist of Zones 1-5, and the West Coast League will consist of Zones 6-12. The top 30 riders from the East Coast League and the top 10 riders from the West Coast League will be invited to compete in the WIHS Equitation Finals. Riders will compete in the League based on their address submitted to the WIHS Membership Office. Riders have until June 15th to change their leagues provided they submit their request in writing to the WIHS Membership Office by that date. Riders may add points from up to four competitions based in the other League to their total. Additional qualification specifications can be found on the WIHS website.~~

d. Awarding of Points

1st - 6th place points are tabulated by multiplying the # of riders in the qualifier class by 10, 6, 4, 2, 1, ½ points respectively. **Three riders must complete the course in order for points for that phase to count. In order for overall points to count in a two-phase qualifier, three riders must complete the course in at least one of the two phases and at least three riders must compete in the second phase. (See HU130 for definition of competed)**

When there is a two-phase junior equitation qualifier, only the overall results of a two-phase junior equitation qualifier will be tabulated for the standings. A multiplying factor of 2 will be applied to these classes only.

e. CLASS SPECIFICATIONS. WIHS Equitation and WIHS Pony Equitation:

1. The WIHS Equitation Classes are open to junior members of USEF or Equine Canada.
2. Three riders must complete the course for the class to be included in the National Ranking.
3. The same horse must be used in all phases of the event. No Exceptions.
4. Only one rider per horse, unless the judge requests a change.
5. Classes to be judged in accordance with the current USEF standards for equitation.
6. Riders may only compete in one WIHS Equitation class at a show.

7. If there are 50 or more entries at the start of either phase, it must be divided as under HU110.7 ("California Split"). In this case, EQ106.3 will not apply. If either phase is double pinned, then the overall results must also be double pinned. Points will be awarded based on the number of riders in the largest phase after any split, however for calculation purposes the maximum differential between the two phases will be no more than ten riders of the lesser section.

f. WIHS Pony Equitation: To be shown over a course of not less than 8 jumps. No junior rider over 12 years of age may compete on a small pony. No junior rider over 14 years of age may compete on a medium pony. Fence heights: 2'3" for ponies not exceeding 12.2 hands; 2'6" for ponies over 12.2 hands and not exceeding 13.2 hands; and 3' for ponies over 13.2 hands and not exceeding 14.2 hands. The suggested distance for the in and out is 20' for small ponies, 22' for medium ponies and 24' for large ponies. The distance must be altered for each height division. WIHS Pony Equitation classes may include any of the following: bending line, narrow jump (5'6" - 8'), rollback turn, fence at the end of the ring, long approach to a single jump. It is recommended that the course be consistent with EQ108.11. A numerical score will be given. WIHS Pony Equitation class may run concurrently with the small, medium and large pony division. The green pony division cannot be run with the WIHS Pony Equitation card opened as the fence heights are inconsistent.

g. WIHS Equitation: Conventional tack per JP111. Reins must be attached to the bit(s) or directly to the bridle. Only running martingales used in the conventional manner is permitted in the Jumper Phase. Boots and conservative colored bandages are permitted in both phases. Certificate of Compliance – At Regional I, Regional II and Local Member competitions, National medal classes must be certified by the following: A course plan showing the actual height and spread of all the fences, signed by the judge and the course designer (the steward must sign if the course designer is not present on the competition grounds) which must be provided to the steward no later than the end of the competition day in which the national medal class is held. The signed course plan must be included in the steward's report to the Federation.

1. Hunter Phase - To be shown over a minimum of 8 jumps at 3'6". It is recommended that the course be a straight forward hunter course consisting of natural jumps. It must include a combination, hunter lines, and a long approach to a single jump. A numerical score will be given. **Refer to EQ110.10d. for minimum number of rider required for points to count.**

2. Jumper Phase - The course should be of the type used in a High Junior Jumper competition. To be shown over a minimum of 10 jumps at 1.10 m (3'7"). A minimum of either two double combinations or one triple combination are required. There must be at least two changes of direction after the first fence. In addition, at least two of the following are required and more are recommended: vertical - no ground lines; Liverpool; narrow jump - minimum width 5'6"; one or more of the following - triple bar, swedish oxer, fan jump. **Refer to EQ110.10.d for minimum number of riders required for points to count.**

A Time Allowed will be used based on a speed of 360 yards per minute. The judge will give a numerical score for each competitor's round. The announcer will announce the judge's numerical score and then deduct time faults as follows: one point for each commenced second over the Time Allowed. Rules regarding Time to Start (JP136.3 and .4) and Starting and Stopping (JP137.1) will apply. A FINAL SCORE BELOW ZERO MAY NOT BE GIVEN.

3. Two Phase Event - Hunter & Jumper - Each phase to be conducted under their own specifications and pinned separately, as well as an overall placing.

a. Both Hunter & Jumper Phases to be scored under the numerical system. Scores from each phase will be added together to determine the overall winner. In the event of a tie for any placing, the tie will remain.

b. Scores from the first phase will determine the order of go in the second phase. The highest scores will return last; riders may volunteer to move up in the order.

c. One or more judges may be used in any combination.

d. National Ranking points will be awarded based on the OVERALL placing only.

h. See www.wihs.org for pProcedures for the WIHS Equitation Finals: Held at the Washington International Horse Show in October

1. —Judging— All three phases of the Finals will be judged under the Open Numerical Scoring system by two panels of two judges seated in two separate locations. Each panel may include one high performance jumper rider, provided that the rider has either judged the East or West Coast Finals of the USEF Talent Search class or held a Hunter Seat Equitation Judges' Card within the last ten years. Each panel shall submit a single score, and the two separate scores will be averaged to produce a final score for each rider for each phase. Each of the three phases will weigh equally in the results.
2. —Hunter Phase— The Hunter Phase will be held first. The order of go shall be determined by a random draw. The score will be announced. The top ten finishers will return to the ring, mounted, for awards at the conclusion of the Hunter Phase.
3. —Jumper Phase— The order of go for the Jumper Phase will be in reverse order of the Hunter Phase with the winner of the Hunter Phase competing last. An audible tone will be used to start competitors. A Time Allowed based on a speed of 360 yards per minute will be applied. The score will be announced. Time Faults, if any, for exceeding the Time Allowed will be deducted from the judges' original score, with one point being deducted for each commenced second over the Time Allowed. Rules regarding Time to Start (JP136.3 and .4) and Starting and Stopping (JP137.1) will apply.
4. —Third Phase— The scores from the Hunter & Jumper Phases will be added together to determine the ten riders who will participate in the Third Phase. The combined score will determine the order of go, with the highest scoring rider competing last. These ten riders will change horses. The order of change will be by random draw. The top five (5) will draw among themselves and the bottom five (5) will draw among themselves. In determining the ten riders for the Third Phase in the event of a tie, the higher score in the Jumper Phase will determine the order. Riders in the Third Phase will negotiate the Jumper Phase course. There will be neither a starting tone nor a Time Allowed in the Third Phase. A score will be given by the judges in the Third Phase, but will not be announced until the conclusion of the class. Once the riders have changed horses for the Third Phase and before the first rider in the Third Phase has entered the arena to compete, there will be a 3-minute period during which riders may work on the flat. Should any rider feel that the horse on which they will compete in the Third Phase is unsound to the extent it will impair the horse's ability to perform the Third Phase, that rider must petition the panel of veterinarians who will be available to assess the soundness of any questioned horse. The panel's decision regarding the fitness of a questioned horse to compete will be final.

Should a horse be declared unfit to compete in the Third Phase, the rider who qualified that horse will be eliminated from the Third Phase and automatically placed 10th. The Show Steward will then draw by lot 1 of the 8 remaining riders (not to include the rider who was to ride the eliminated horse in the Third Phase). The rider drawn will then change its switched mount with the horse qualified by the rider who was switched to the unfit horse. In the event that more than one horse is declared unfit to compete, this procedure will be repeated in each instance. In the case of multiple eliminated riders due to unsoundness, the combined score of the first 2 rounds of the Finals will determine their final placing.

i. Qualifying procedures and Finals procedures cannot be changed without the approval of the Washington International Horse Show Assn., LTD.

INTENT

To create a Medal class to help prepare and expose Junior riders to the format of NCAA Equestrian competition prior to entering college. Qualifying classes during the year will be held with a fences and flat phase. The flat phase introduces a few movements which would be present in NCAA competition flat phases. The Finals will introduce them to bracketed, head to head (riders compete on the same horse, high score wins the point) competition which is the format used in NCAA Collegiate Equestrian. This class has been running successfully during the 2016 competition year with an approval to limit entries per GR915.

2. HANDS. Hands should be held in an easy position, neither perpendicular nor horizontal to the saddle and should show sympathy, adaptability and control. The height the hands are held above the horse's withers is a matter of how and where the horse carries his head. It has become a trend for riders to switch the bight of their reins just prior to reversing. The rule states the bight of the reins should fall to the off side. INTENT

There has been some confusion among Competition Management and Judges if a individual workout is required for a championship class with one entry. The current rule does not specifically address one entry classes, just that the top four riders must work individually. The committee feels a rider entered the class thinking a workout will be called since it is required according to the class specifications and they should not be penalized because they are the only entry in the class. The change requires an individual workout in a one entry championship classes. It also requires the judges to work at least the riders being considered for a ribbon i.e. eight ribbons, eight riders must be worked.

EQ118 Tests [CHAPTER SUBCHAPTER EQ-3 SADDLE SEAT EQUITATION SECTION]

Tests from which judges must choose. Tests may be performed either individually or collectively but no other tests may be used. Instructions must be publicly announced. All circles and turns must be performed on correct diagonals and leads. On left diagonal, rider should be out of saddle when horse's left front leg is in the air; on right diagonal, rider should be out of saddle when horse's right front leg is in the air. On left lead, horse's left leg reaches further than the right; on the right lead, horse's right leg reaches further than the left. All changes of lead must be a simple change whereby the horse is brought back into a halt or walk and restarted into the canter on the opposite lead. In Medal and Championship classes individual workout instructions must be written down by the judge and delivered to the announcer at the beginning of the class. Instructions can be posted at the judge's discretion provided it is announced and posted at least one hour prior to the session in which the class is held. Competition management is encouraged to post the workout more than one hour prior to the session if possible. At all World and National Championships and Finals, competitors must be allowed ample access to the competition arena in order to walk on foot the posted workout. A minimum of ½ hour is recommended. ***In Championship classes and any class where a workout is required, judge(s) must work a minimum number of riders per number of ribbons awarded in the class. The judge(s) determine which riders will be required to perform additional testing.***

INTENT

When individual tests are called for in a class, the judge's opinion rests on a percentage of the rail work and a percentage on the individual tests. When only half or less of the riders are selected to perform additional testing they are not being judged according to the class specifications. This proposal specifies that the judge(s) are the ones selecting which riders to perform additional testing and requires them to work at least the number of riders per ribbons awarded in the class.

Draft 3: The National Hunter Derby is an established and popular program in its original format. The ability to recognize juniors and amateur competitors separately from class placings already exists. Offering potential splits restricted to one segment of the class has the potential to create imbalance as well as potentially diminish the integrity of the class.

2. 3'3" Junior Hunter Sections. Junior Hunter 3'3" may not be offered unless Junior Hunter 3'6" is also offered. **(Exception: USHJA Zone Championship competitions)** Junior Hunter 3'3" may be offered as one section or may be offered as divided by size of horse and/or age of rider.

INTENT

Because the USHJA Zone Championship competitions run during the Fall Indoor competitions it is difficult for these competitions to fill the 3'6" Junior Hunter section. This rule change would allow USHJA Zone Championships competitions to hold the Junior Hunter 3'3" section without also holding the Junior Hunter 3'6" section to give an opportunity for the 3'3" Junior Hunters to show at a qualifying competition.

HU172 REQUIRED MEASUREMENTS [CHAPTER HU-10 MEASUREMENT]

1. A horse or pony must be measured each competition year until it reaches the age of eight. Horses and ponies that are seven years and under will be issued a Temporary Measurement card designating the year measured. Horses and ponies that are eight years of age and over will be issued a Standard Measurement card which does not need to be renewed. **Exception: Horses that measure 16.2 hands or over will receive a standard measurement card regardless of age.** Horses and ponies may not be measured by the same steward for their Standard Measurement Card and the card preceding the Standard Measurement card. The Federation will invalidate a Standard Measurement card that does not comply with this rule.

a. Those horses and ponies that are measured (and for which a valid measurement form is received by the Federation office) in the month of December immediately preceding the calendar year in which they turn eight years of age will be issued a Standard Measurement card that does not have to be renewed.

b. For ponies, with the exception of ponies under eight years old, once a pony is issued a Standard Measurement card, a new card will not be issued unless the height of the pony is protested and upheld, or unless an appeal is made and the remeasurement results in the pony moving to a section other than that indicated on its current measurement card.

c. For horses, with the exception of horses under eight years old, once a horse is issued a Standard Measurement card, a new card will not be issued unless the height of the horse is protested and upheld, or unless an appeal is made and the remeasurement results in the horse moving to a section other than that indicated on its current measurement card.
