

USHJA Equine Retirement Listing Information Form

The USHJA Equine Retirement Facilities List is presented by the Horse and Rider Advocates Committee. The list is provided as a resource for individuals, groups or other entities interested in using, researching and/or donating to equine retirement facilities. To have your facility considered for inclusion you must have an active USHJA membership and provide at least three references (one of which must be from a veterinarian). The listing will be reviewed every 12-18 months to ensure facility status.
