

Recognized Riding Academy Honors Program

The USHJA and Recognized Riding Academy Program strive to recognize and reward individual members who demonstrate active participation within the industry through riding, volunteering, and demonstrating strong horsemanship skills and sportsmanship. The purpose of the RRA Honors program is to enhance an RRA's existing competition or horsemanship-based award(s) program with USHJA recognition.

Currently recognized RRAs are invited to participate by completing the form below and submitting it to education@ushja.org no later than 90 days before the noted event. RRAs may choose any number of the options below and will be allotted one awards per category chosen (maximum of three total items). Each RRA is eligible once per year. Thank you for your participation and for recognizing your students on their successes!
