

USHJA FOUNDATION HORSEMAN’S ASSISTANCE FUND PROGRAM OVERVIEW & ELIGIBILITY REQUIREMENTS

PROGRAM OVERVIEW

The USHJAF Horseman's Assistance Fund (“HAF”) was established to provide emergency financial support to individuals who require assistance as a result of illness, injury, and/or are otherwise incapacitated due to a catastrophic accident or natural disaster. Horses which are ill, injured, and/or are otherwise incapacitated due to a catastrophic accident or natural disaster, as well as organizations that assist in the care of horses incapacitated due to catastrophic accident or natural disaster are also potentially eligible for financial support through the Horseman’s Assistance Fund.

The funding to support this program is derived from private gifts, USHJA-member Events, and dedicated fund-raising efforts. The majority of the gifts distributed from the fund will be between \$1,000 and \$10,000. Provided they meet all other eligibility requirements, an approved applicant/fund recipient may remain eligible for assistance until such time as he or she qualifies for disability coverage (e.g., Federal SSID or SSI), at which point, the individual is no longer eligible for funding. A HAF beneficiary may receive financial assistance for a maximum consecutive time period of two (2) years (24 consecutive months), after which time he/she is no longer eligible for funding. The USHJA Foundation Board of Directors (“BOD”) has established an aggregate maximum gift of \$75,000 to any one recipient. Provided all other eligibility requirements are met, no recipient will be eligible for assistance in excess of \$75,000 until a period of three (3) years has passed from the point the recipient last received funding from the USHJAF Horseman's Assistance Fund. The BOD, at its sole discretion, may except or modify any of these policies upon unanimous approval of the BOD.

The USHJAF may provide funding for the following types of expenses. The BOD reserves the right to provide funding for any additional expenses it deems appropriate. The BOD also reserves the right to rescind funding should an applicant no longer qualify for assistance.

Individuals:

- Direct medical expenses related to the emergency situation.
- Insurance premiums to assist the individual in maintaining their insurance coverage during the time of emergency need (medical or property).

- Necessary and basic living expenses during the approved time of the emergency need.

- Transportation expenses related to the catastrophic accident or natural disaster.
