sent directly to the respective combined zone committees, whose Jumper members will formally review and discuss them based upon their knowledge of the events, the facilities, the amenities, the location, and the criteria. Great care must be taken to identify and remove both actual and perceived conflicts of interest among zone committee members in the evaluation process in accordance with USHJA policies. Indoor facilities will not be considered.

**B. Event Selection**

- USHJA Platinum Championships will ideally be held between June 15 and November 17.
- Once a given zone's jumper committee members review the competition host applications, the zone will complete a USHJA zone prospective host document (found on the USHJA website) and send it to the USHJA on or before September 15 of the current competition year, signifying one or more competitions and dates recommended by vote at a zone jumper committee meeting.
- A new facility which has not held a USEF licensed competition and/or a new competition in its first year of operation will not be considered to host a USHJA Platinum Championship.

**C. Events that desire to apply for hosting should specifically state their intention to hold all championships heights, along with the prize money they will commit to offer. Zone committee members must take this into consideration when selecting a potential host event.**

**D. Date and Location Approval**

- The final decision of the location and date for each zone's USHJA Championships will rest entirely with the USHJA, which will review a zone's recommendations and select the date and location on or before February 1 of the current competition year. USHJA will promptly and formally notify each zone jumper committee of its decision as well as the championship host.
