JUMPER COURSE DESIGN CLINIC

UNITED STATES HUNTER JUMPER ASSOCIATION

'R' SESSION

Registered (R) jumper course designers may choose one of two options to complete their clinic requirement:

- Attend the clinic in Wellington, FL, on January 14, 2019, or
- Submit three course designs to USHJA via email (loeducation@ushja.org).
 - If this option is used, the courses must have been:
 - Used in competition within the past two years
 - From a minimum of two different competitions
 - Be for the three classes with the highest specifications for which the course designer has officiated within the past two years
 - Each course must be submitted with the specifications of the class, dimensions of the jumps, distances, dimensions of the arena, and if possible a copy of the judge's card.
 - Courses must be drawn to scale and indicate the scale used.
 - Panelists selected by the USHJA Officials Committee will review the courses, provide comments on each and return them to the course designer.
 - Must be completed before September 30, 2019

ATTENDANCE

- Please complete the online registration form in advance of the **December 5, 2018 deadline**.
- Attendance sheets must be signed at each session to receive credit for the clinic. If you arrive more than one hour later than the scheduled starting time, or leave more than one hour earlier than the scheduled adjournment, you will not receive credit for attending the clinic.
- Online registrations receive immediate confirmation via emailed receipt, no additional email will be sent.
- 'R' attendees are only required to attend Monday night, but are more than welcome to join the Tuesday session if they desire. 'r' and applicant attendees are only required to attend the Tuesday session, but are strongly encouraged to attend the Monday night 'R' roundtable.

HOMEWORK

- Attendees must provide homework submission to the USHJA via email (LOeducation@ushja.org) by **Monday, December 17, 2018**.
- 'R' attendees should submit one course they have used within the past two years. It should be course that can provide discussion points – such as how it worked great for a particular show, problems that may have occurred, etc.
- 'r' and applicant attendees should submit three courses in an outdoor arena measuring 150' wide by 280' long with the in-gate at the center of one of the short sides. One course should be built for a 5 Year Old, Table II class that takes place after July 1. The second course should be built for a 1.10 Children's/Adult Amateur, Table II, Sec. 1 class. The third course should be built for a \$5,000 1.40 Junior/Amateur Owner Classic, Table II, Sec. 2 (b) class.
 - The arena should be drawn portrait, so the in-gate will be on the short side at the bottom of the page. Use the same template on which you will present the finished paperwork to the judge and competitors.
 - The courses should be different, but not require extensive changes, as time between classes is limited. However, feel free to change direction of the fences, move jumps, or add jumps during the changes in order to provide variety.
