Ties will be broken by the most first place finishes in qualifying classes at their respective height. If ties still exist, the most second place finishes in qualifying classes at their respective height will be used, and so on until the tie is broken.
- E. Points earned by athletes transitioning from junior to amateur status before December 1, **2026 or 2027**, will carry over from the junior section to their amateur record.
- F. 1.00/1.05m Junior/Amateur Zone Jumper Championships will accept up to a maximum of 32 athlete/horse combinations or eight teams per category.

G. Any athlete wishing to compete in the 1.00/1.05m Junior/Amateur Zone Jumper Championship may not have competed, on any horse, in a class held at a height over 1.15m within the current qualifying period through the Championships. Exceptions: II.H. Waivers and II.I. Substitutions.

H. Waiver

2. Waivers will not be granted for classes that do not meet the minimum fence height.
3. Waivers will not be granted for athletes who have jumped over the maximum height restrictions more than three times within the qualifying period.
4. Waivers must be submitted 24 hours prior to the championships. Any waivers submitted after the deadline will not be considered.

I. Substitutions

1. Once the definite entries are secured, and up to the championship, if an eligible athlete/horse combination is unable to compete at the championship, the space will be filled by the next available combination that has met the minimum point requirement and has enrolled.
2. If a horse is unable to compete and that athlete has another horse that is eligible in the standings with a minimum of 20 points, the substitution will be allowed. If the horse being substituted has met the point requirement at a competition held within 45 days of the championship, the athlete must present a copy of the official results from the horse show showing the height of the class, the placing of the horse, and proof that the athlete was the rider.
3. During the week of the championship if an entry is not able to compete, the four-member team will be reduced to three. If a three-member team is reduced to two members, those athletes will compete as individuals if a team position is not available. Under no circumstances will riders be placed on a new team after the first round of team competition.
4. There is no substitution of a horse once the horse inspection has been completed.
5. It is the intention of the USHJA to grant as much flexibility as possible, within the parameters of sound, fair competition, by allowing teams to be combined at events should a competitor drop out due to sickness or injury prior to the horse inspection.

J. Qualifying List

1. Athlete/horse combinations for the 1.00/1.05m Junior/Amateur Zone Jumper Championships will be accepted from the USHJA 1.00/1.05m Junior/Amateur Zone Jumper Championship Qualifying List found on the USHJA website, www.ushja.org.
2. Should the maximum number of 32 athlete/horse combinations not be met, an athlete may ask to be included in the championship and may apply late online through their USHJA member profile, or while on site the week of the championship, up to 24 hours prior to the horse inspection. The athlete/horse combination must meet eligibility and point requirements and acknowledges that they will compete as an individual if a team is unavailable. All fees must be paid prior to the start of the championship.
3. In the event of a tie in total qualifying points for the 32nd ranked combination, the tie shall be broken by recognizing the highest number of 1st-place finishes during the qualifying period. If a tie persists, it will be resolved sequentially using the highest number of 2nd-place finishes, then 3rd-place finishes, and so on, until the tie is broken.

4. Acceptance Method: Athlete/horse combination acceptance will be based on the following two-part system:
 - a. Part 1: The Equitable Base Quota:
 - For Two-Zone Championship Regions: The top sixteen applied/qualified athlete/horse combinations from each Zone will be automatically accepted into the Championship (a total of 32 guaranteed slots).
 - For Three-Zone Championship Regions: The top ten applied/qualified athlete/horse combinations from each Zone will be automatically accepted into the Championship (a total of 30 guaranteed slots).
 - b. Part 2: Wild Card Acceptance: Any remaining slots will be filled based on a combined, ranked qualifying list of all remaining applied/qualified athlete/horse combinations across that championship's Zones. Wild Card slots will be accepted in order of their overall ranking until the 32-athlete maximum is reached.
 - c. If the section's 32-athlete maximum is reached, but there are still applied/qualified Wildcard athlete/horse combinations wishing to compete, those athletes will be notified of a waitlist status. Waitlisted athletes will be eligible to fill any remaining championship slots vacated by previously accepted athletes from after initial acceptance/waitlist notifications are sent, through to 24 hours prior to the championship horse inspection.
5. Athletes that are approved to compete in a championship outside of their region are not automatically qualified for the Championship. The applicants will be considered Wild Cards and will be accepted according to the Wild Card acceptance process outlined in Sec III.J.4.b-c.
- K. Athletes from one zone may apply for a waiver to compete in another zone's championship. Athletes must have the minimum number of qualifying points to be considered. Approved athletes will compete in addition to the maximum number of athletes for each home Zone championship. If there are enough athletes from an additional Zone, then they will formulate a team of their own. Otherwise, athletes will be placed on a combined Zone team.

IV. NUMBER AND COMPOSITION OF TEAMS

- A. The USHJA 1.00/1.05m Junior/Amateur Zone Jumper Championships will accept up to a maximum of 64 athlete/horse combinations, 32 per Junior and Amateur section.
- B. In order to hold a 1.00/1.05m USHJA Junior/Amateur Zone jumper Championship, there must be a minimum of nine athletes entered in each Junior and Amateur category or the two categories will be combined and run as one.
- C. There must be a minimum of three Junior teams and Three Amateur teams, and up to a maximum of eight teams in each category. Teams are created using the California Split Method. A team will consist of four athlete/horse combinations, unless there are not four available, in which case a minimum of three are required to field a team. These athletes will participate in both the team and the individual competitions at their respective Zone championships.
- D. The point standings freeze (for championship purposes) 45 days prior to the start of the competition, the USHJA will issue invitations to those qualified when all results from USEF-licensed competitions held on or before the qualifying period deadline are verified and published by USEF. Athletes must confirm their intent to compete no later than 21 days prior to the start of the competition. All athletes will be placed on a team (if possible) and notification of team and team members will be sent ten days prior to Day One of the championships.
- E. From these lists of definite entries, the 1.00m/1.05m Junior/Amateur Zone Jumper Championship teams will use a California Split from the Ranking List, which will determine members for each team.

- F. In the event full four member teams are not available the Chefs and USHJA representative will meet to draw which teams will have only three members. The teams of three members will utilize a Designated Point Rider (DPR) system. The DPR will be the rider from each three-member team who placed highest on Day One, their score from Day One and Day Two will serve as the fourth score for their team. The DPR system ensures that all teams have four scores to utilize a drop score.
- G. Should a Zone have only five riders in a category, the four highest point riders from the standings will form the team. The 5th rider will be placed on a combined team if available, and if no team position is available the rider will compete as an individual.

H. California Split of Ranking List Example:
