

## How to Access Safe Sport Training

As required by USEF, all active USEF adult members (18 years of age or older) are required to complete Safe Sport training, and as such USHJA is also requiring all adult participants (18 years of age or older) complete Safe Sport training prior to attending an EAP training session (or HQC Finals).

To create your Safe Sport account and complete the free training, follow the steps below:

- [Click here to access the free, online training](#)
- Click “login” and then “sign up” to create an account
- Type in your USHJA member ID in the “Organization Member ID” field
- Under “Role” select “Athlete”
- Choose “U.S. Equestrian Federation” in the “Name of Sport of Community Organization” field
- Complete the “Add Membership” pop-up box, register your account, and complete the profile
- [Sign in](#) using your newly created Safe Sport account

All adult participants (18 years of age or older) must complete all three of the required modules in order to complete the training:

- Sexual Misconduct Awareness Education
- Mandatory Reporting and Emotional
- Physical Misconduct

Once you have completed all three modules, please email the certificates to [education@ushja.org](mailto:education@ushja.org). Note that it may take up to 24 hours for the training to update your USHJA account for the Regional Training Session that you are attending.

If you have a USEF Subscriber or Competing membership, access the Safe Sport training via the tile on your USEF dashboard. Once the training is complete, your USHJA account will update automatically within 24 hours.

Accepted applicants required to complete this training will not be permitted to attend their assigned EAP training session without fulfilling this requirement.

The United States Hunter Jumper Association is committed to the safety and protection of its members and volunteers. If you have any questions about the Safe Sport policy for EAP and HQC participants, please contact the USHJA Education Department at [education@ushja.org](mailto:education@ushja.org) or 859-225-6700.
